Block Level Orientation Program Inspires Youth towards Agriculture

21 Dec 2023, Nagam : In a concerted effort to cultivate interest and awareness about the promising prospects in agriculture, Government Polytechnic College Budgam successfully conducted a Block Level Orientation Program on December 21, 2023. The event, organized in collaboration with Veterinary Block Office Chadoora and Agriculture Production Department JKUT Division Nagam, brought together a diverse audience, particularly students from Government Polytechnic College Budgam, along with teaching and non-teaching staff, and local residents. The program featured distinguished experts from the Veterinary Science Department, including Dr. Abrar Faheem, Dr. Munazah, and Dr. Muzamil, along with Mr. Charanjeet Singh from the Agriculture Department. Their expertise illuminated various schemes and initiatives designed to empower youth for a prosperous future in agriculture.

A substantial number of students from Government Polytechnic College Budgam actively participated in the program, gaining insights into various government-sponsored schemes and initiatives aimed at promoting agriculture as a viable livelihood option. The Veterinary Department also provided essential information about front-end subsidies related to various livestock production practices. Dr. Abrar Faheem played a pivotal role in hosting and anchoring the event, ensuring the smooth flow of proceedings. Technical support vital to the success of the program was provided by Mehraj U Din from Government Polytechnic College Budgam.

Dr. Shafaquat Ara, Principal of GPC Budgam, underscored the significance of attracting educated youth to agriculture. Emphasizing the importance of government-sponsored schemes, Dr. Ara encouraged students to actively engage, stating, "The educated youth could play a pivotal role in not only benefiting from these schemes but also in contributing to the welfare of their parents and the larger community. By raising awareness about these opportunities, the educated youth can foster a positive impact on agriculture, contributing to the overall development of the community." A group of students from GPC Budgam had the opportunity to share their perspectives on the theme. Experts engaged with the students, addressing queries related to schemes and procedures for availing them.

Er Suehail conveyed a vote of thanks on behalf of GPC Budgam, expressing gratitude to Dr. Abrar and the Veterinary Block Office Chadoora for organizing such an enlightening event. He acknowledged the efforts in making students aware of various schemes that could lead to substantial earnings, also appreciating the steps taken by Veterinary & Agriculture Department at the grass root level for the betterment of the agricultural community.

In conclusion, Mehraj Din expressed gratitude to the guest departments and extended a warm welcome for more collaborative events in the future. Refreshments were distributed among the attendees at the end of the program, fostering a sense of camaraderie and shared enthusiasm for the future of agriculture.
